

Dear WCPL Participant,

With bids on the line in the Open Divisions and the Red divisions, we wanted to send an email letting you know how bids will be awarded.

After date 6 of 8, any team who has a mathematically possible chance of earning a bid, should declare whether they will or will not accept it. We will send an email to teams that are eligible before week 7 asking them to declare their intentions.

For 13-18s, assuming the Region has

2 National bids

2 American bids

Both national bids will be awarded to the highest finishing region teams in open, as well as one of the American bids; 1 American bid will be awarded in the Red Division of the Club Division. The WCPL will follow a 'rule of 3' regarding bids, where every third bid will be awarded in the Club Division.

If teams 'pass' on the bid, then it trickles down to the next best finishing team.

In divisions with multiple age groups (ie 17/18s and 15/16s), teams each age group is eligible for the bids in their age group. In other words, the top 2 finishing u15s will be awarded 15s bids and the top 2 16s will be awarded the 16s bids.

If teams decline the bids, they will trickle down as well, but these bids cannot trickle down lower than 8th in the red division. If the top 8 teams do not accept the bids, then they get reassigned to the open division.

Any reallocation bids will be allocated to the Open divisions.

Once you receive a Bid, Contact Kim Greenback and let her know your team name, team code and the bid you received. Contact Kim at: kim.greenback@glrvb.com

For U12s, 1 national and 1 American start in the open division. 1 American will be in the club division.

Only teams from the Great Lakes Region can receive the bids.

Hope this made things clear but if you have any questions, don't hesitate to ask!
